Notable Comments Left by Students:

- "Very approachable, goes the extra mile by uploading videos and creating content material for his review sessions."
- "Griffin has been the best TA I've had this semester! He uploaded almost weekly review material and was extremely dedicated to his OH schedule. In OH, he would try to explain even the most difficult concepts to everyone, while not giving away too much in regard to the homework. His review material has been REALLY useful and has helped me on numerous occasions. Thank you very much Griffin!"

Notable Comments Left by Students:

- "i loved having griffin as my TA! i often struggle with office hours or getting to know the TAs, but griffin made himself available for questions and was wonderfully helpful. he definitely saved my grade this semester, and it is clear he cares about his job and seeing us do well!"

- "The best TA I could wish for! Explained the material very well, was always available to answer any questions, and helped with homework if we finished the lab early. He was always willing to spend more time with me if there was a complicated issue with my code or if I just didn't understand the assignment."
 - "Griffin was the best! Very helpful and always very enthusiastic during labs."

Notable Comments Left by Students:

- "In all my years of college, I have never seen a TA as dedicated as Griffin. He truly cares about the subject and students. No words can describe his abilities and compassion. He is the main reason that I am even submitting this course evaluation. Columbia may lose an invaluable individual once he graduates, but the world will gain an unmatched visionary. Be Happy Griffin!"
- "Obviously a star of a TA. Could have taught the damn course. Excellent top notch TA."
- "Best TA ever!! Griffin NEEDS to be promoted to Head TA. He has devoted more time and effort to this course than almost all of the Head TAs and TAs combined. He is extremely helpful, knowledgeable, approachable, and a great teacher."
